WORK EXPERIENCE

SR. PYTHON DEVELOPER

Thinkbiz Technology Pvt Ltd

Sep, 2021 - Present

Python, Django Development

ML Model Development

AI Model Development

Team Leading

Project Management

PYTHON DEVELOPER

Arihant AI

Oct, 2019 - Apr, 2021

Requirement understanding with client

Backend modules Development

Ecommerce Portal enhancement

Analysis and design module

Migration of data

Frontend Design

Social Media Marketing

TECHNICAL SKILLS

Operating System : Windows, ubuntu

Core Languages : Python

Frameworks : Django, Flask, Odoo,
Selenium

Web Technologies : HTML, JavaScript, CSS,
Bootstrap

Database : PostgreSQL, MySQL

Deployment Tools : AWS, Git

ML Skills : Supervised ML, Unsupervised
ML, NLP, CNN, RNN

Certificates :

Hackerrank : Python (Basic)
: SQL (Basic)

Simplilearn : Introduction of AI
: AWS Technical Essentials
: NLP and Text Mining for
Beginners

Cognitive : Python for Data Science
Class : Deep Learning Fundamentals
: Deep Learning with
TensorFlow

AREA OF INTEREST

Data Science

Technology

Mathematics

Drawing

HAKKERRANK

Python : ★★★★★

Problem Solving : ★★★

30 Days of Code : ★★

PROJECTS

1.EXCEL SHEET DATA MANAGEMENT SYSTEM

Client required system which can handle their specific company all excel sheet and using that excel sheet predict some information from that excel sheet. So they can download the final excel sheet and they can easily analyze the excel data.

My Contribution :

Backend Django API Development

Deployment the project to web server

Platform : Web

Back End Tools : Django API

Technologies : Python

Deployment Tool : AWS

Database : PostgreSQL

2.MULTI-VENDOR ECOMMERCE SYSTEM

Client required multivendor ecommerce products which is 100% Canadian products. So, we made the project for the multivendor Ecommerce project for them. They can manage the multivendor and multi clients by the one software. They can manage their price list, shipping rules, Tax's, manage their orders coming from the customers.

My Contribution :

- Requirement understanding with client
- Backend modules Development
- Ecommerce Portal enhancement

Platform : Web

Back End Tools : Odoo

Technologies : Python

Front End Tools : Html, CSS, Bootstrap

Database : PostgreSQL

PERSONAL DETAILS

Address : A - 501, Swastik Residency, Pal, Surat-395009

Date of Birth : 21st April 2000

Gender : Male

Nationality : Indian

Languages known : Gujarati, Hindi, English
